

# ERCWA WISH LIST

Would you or your business like to help out kids in WA who are experiencing some form of disadvantage in their lives? Below are a list of resources we need to continue running our recreational camps for “at risk” youth!

**Digital SLR Camera**

**\$800**

We need another SLR camera so that we can capture our camp memories even when we have two programs going at the same time! Clear photos help us to remember our awesome Eddie Rice experiences forever.

**Projector**

**\$400**

On each camp we like to show a photo presentation of the program. We also use the projector for presentations at schools and events. Unfortunately, our old projector has broken.

**Rash Vests**

**\$3000**

Rash vests are so important to us on our January Camps. Not only do they keep the kids safe from the sun, but they also allow us to carefully monitor how many children and volunteers are in the water at any one time.

**Sports Equipment**

**\$1500**

No Eddie Rice Camp is complete without a game of cricket, “King of the Pack” or some crazy basketball fun at Moore River. Our current equipment has started to wear, so we are chasing some new sports equipment!

**Colourful Boxes**

**\$500**

Our office needs a bit of love. We have heaps of resources we keep in there but are finding it difficult to establish an effective storage system. We would like to colour code everything so that our camp coordinators can grab whatever it is they need!

**Storage Boxes**

**\$300**

Each camp requires a lot of resources! We have lots of different boxes we keep them in—the paint box, nail polish, jewellery etc. We are in need of some new boxes that stack easily on top of one another! This will make packing for camp a whole lot easier.

**Satellite Phone**

**\$3000**

In recent years, ERCWA has started to reach out to rural communities. When travelling on our Eddie on the Road Program, we sometimes are unable to access our phones due to inadequate reception. A satellite phone would help us to communicate with the ERCWA offices whilst on the road.

**Office Furniture**

**\$500**

Volunteers are in and out of our office everyday. We would like to get some stools and a high table for them work on. Our Leader Committee would be able to make great use of this.
