

What is Impact100 WA?

Impact100 WA changes how we lift up and transform our community
by harnessing the power of collective giving

The concept is simple and powerful:

**At least 100
people**

**Each donate
\$1000**

**To make transformative
\$100,000 grant(s)**

- We gather at least 100 people who each donate \$1000, with the goal of significantly impacting at least one local not-for-profit organisation through a donation of \$100,000.
- The grant application process is very structured, transparent and open.
- Impact100 WA donors have the opportunity to be part of assessing the grant applications and ultimately vote on the grant recipients.
- Every donor can determine their preferred level of engagement.
- The whole \$1000 donation goes towards the grants.
- We are Western Australian focused and support local, smaller not-for-profits here in our community.

"We can do more together by pooling our resources than we could dream of doing individually"
